

The **Perfumery Division** is currently looking for a

Sensory Analyst

for our Asia Sensory team in our facility in Singapore. Working with our Sensory Manager and others in the Global Sensory Team, you will be responsible for providing scientific expertise and deliver high quality sensory services within the Perfumery Division at Firmenich.

Job Responsibility

- To **manage and deliver sensory projects** by:
 - Recommending and applying appropriate methodologies to meet project objectives
 - Planning and executing the tests
 - Analysing, interpreting, reporting and presenting the results to ensure key insights are communicated in the business
- To **manage efficiently the internal panel of assessors** by:
 - Recruiting, screening and training new panellists
 - Initiating appropriate training programs, monitoring panel performance and providing performance feedback to panellists
- To **develop and maintain contacts with Sales, Technical and Development communities** to ensure sensory services are aligned with business need.
- To work effectively as part of Asia Sensory Team to **ensure good coordination of projects** so that all sensory duties and responsibilities are completed in a professional and timely manner.
- To be proactive in working within Regional Sensory Team to **help develop methodologies and protocols or sensory proactive programs** according to business need.
- To maintain **awareness of new developments in sensory research** and their potential application to fragrance evaluation, modifying practices as appropriate

Profile

- A background in Sensory Science and a minimum of a Bachelor's degree in an appropriate field with a Sensory/ Consumer Science focus. Or, a Diploma's holder in Food Science or related discipline with 1 to 3 years experience in sensory test and panel management role.
- Excellent planning and organizational skills
- Excellent presentation skills
- Knowledge of sensory techniques
- Knowledge of FIZZ software
- Ability to follow through sensory initiatives
- Excellent team working and client interaction skills.
- Interest and enthusiasm in fragrance
- Fluent in English and Mandarin
